ABDUSELAM EDRIS

SOFTWARE DEVELOPER

Highly motivated and results-oriented software developer with extensive experience in fullstack development. Proven ability to lead and collaborate effectively, troubleshoot complex technical issues, and implement innovative solutions to improve efficiency and functionality

WORK EXPERIENCE

Digital Operator | Communication Coordinator | Operations Manager

Kerentina Foreign Employment Agent PLC | Bole, Addis Ababa

At the agency, I served as the main point of contact for international communication—primarily in Arabic and occasionally in English—bridging our agency with overseas partners. I effectively managed and coordinated internal operations, ensuring daily activities ran smoothly and efficiently.

In addition, I played a vital role in digitizing agency workflows by implementing system-based processes and digital solutions. My ability to manage both communication and operational systems contributed to improved efficiency and agency growth.

GENERAL SKILLS

BACHELOR OF COMPUTER SCIENCE

Hawassa University | Hawassa, Ethiopia

Relevant courses

- System Design
- Web Development
- Application Development
- Object-Oriented Programming
- Data Structures and Algorithms
- Database Administration

RECENT PROJECTS

Pharmacy Management System

Streamlines pharmacy operations with inventory, billing, and reporting.

Job Tracking Application

Manages tasks and projects with features like assignment, tracking, deadlines, and reporting.
